within the State of South Carolina.)	

This matter comes before the Public Service Commission of South Carolina ("the Commission") on the request of Satelink Paging, LLC ("Satelink" or the "Company") to cancel its Certificate of Public Convenience and Necessity to operate as a reseller of interexchange telecommunications services within the State of South Carolina. A review of the docket file reveals that authority was granted to Satelink by Order No. 98-861, dated November 4, 1998.

By letter dated January 22, 2002, Satelink advised the Commission that the Company no longer wishes to provide telecommunications services in the State of South Carolina, and requests cancellation of its Certificate to provide these services in South Carolina. Further, the letter advises the Commission that Satelink currently has no customers in South Carolina, therefore, there will be no adverse impact to consumers.

As Satelink has ceased operations as a reseller of interexchange telecommunications services, and as Satelink has no customers in South Carolina, the

Commission finds and concludes that the request to cancel the Company's Certificate should be granted.

IT IS THEREFORE ORDERED THAT:

1. The Certificate of Public Convenience and Necessity to operate as a reseller of interexchange telecommunications services granted to Satelink Paging, LLC, authorized by Order No. 98-861, dated November 4, 1998, issued in the instant Docket is hereby cancelled.

2. This Order shall remain in full force and effect until further Order of the Commission.
